

"It was never easy, but with all the lessons I have learned from the CTC FA program and a strong will to becoming a FA, I can now say that I am happily working as a Flight Director with Air Transat"
- Lucille Orcullo

Flight Attendant Diploma

PROGRAM OVERVIEW

Get the foundation you need to work in the fast-paced and exciting career as a flight attendant! In this program you will train in customer service, safety, and aircraft systems. You leave this program with many helpful credentials – Advanced First Aid, Serving It Right, and Food Safety Certification – to show all the major airlines you’ve got what it takes.

Being a flight attendant isn’t just a job—it’s a lifestyle. The aviation industry offers exciting opportunities to jet off to Europe for the weekend and take advantage of the many incredible free perks for extended travels. Most flight attendants work only about 12 to 15 days monthly, so say goodbye to the 9 to 5 grind! Say hello to an experience!
